

LED BEACON

The AusProTec™ LED Beacon combines the latest in electronic design & state of the art engineering technologies.

Constructed of a rugged die-cast base with high impact clear polycarbonate lens this unit is designed to withstand the toughest environmental conditions.

Eliminating the need to replace globes or strobe tubes the AusProTec™ LED Beacon is a cost effective, low maintenance solution to your lighting needs.

FEATURES & BENEFITS

- 24 illuminating high intensity multivoltage LEDs
- 12 horizontal facing LED's with wide angle optics
- 12 vertical facing directional LED's
- Waterproof & shock resistant potted circuit board
- Black powder coated die-cast alloy base
- 3 bolt fixings
- 30 flash patterns including 4 simulated rotating patterns
- Alternate or simultaneous flash patterns with up to eight connected LED beacons

SPECIFICATION

- 114.3mm (H) x 165.1mm (D)
- Multivoltage 10V – 30V DC
- 1.2 Amp current draw
- 5 Year LED warranty
- SAE J845, class 1

Part No. 6231	Amber LED rotating beacon
Part No. 10320	Blue LED rotating beacon
Part No. 10341	Green LED rotating beacon

Multiple strobe flashing configurations

Part No. 6231

Part No. 10320

Part No. 10341
