

NORDIC LIGHTS

The Nordic range of lamps are available in flood and high beam. The lights feature long life H3 halogen globes, hardened glass and one bolt mounting.

While the product is exceptionally robust, its light output is superior to most others on the market and as such is used by many Original Equipment Manufacturers (OEM's) including Caterpillar.

The lamp is above earth, with connection via a 2 Pin Deutsch plug.

Nordic light Part No. 0089 output
