

AIR CLEANER RESTRICTION WARNING SYSTEM

Damage to engines due to extremely dusty conditions or poor air filter maintenance can cause premature engine failure and reduce machine availability.

The **Muirhead®** Air Cleaner Restriction Warning system can help prevent this by monitoring the air filter restriction caused by blocked filters.

The **Muirhead®** Air Cleaner Restriction Warning system has a red LED pilot lamp and alert sonar. This indicates to the operator when the air cleaner restriction has reached the point that the air cleaner, needs cleaning or replacing.

Part No. 2756	Air cleaner restriction warning kit
Part No. 2388	Vacuum switch (set to 25" of water)
Part No. 3555	Air cleaner restriction warning controller

FEATURES & BENEFITS

- Simple design
- Audible and visual alarms
- Prevents premature engine failure
- Reduces downtime
- Reduces maintenance costs
- Operator awareness

REDUCE COSTLY ENGINE FAILURES AND DOWNTIME!
