

INDUSTRIAL LIGHT VEHICLE ENGINE WARNING SYSTEMS

The **Muirhead®** Light Vehicle Engine Warning systems offer protection for your light commercial and off road mobile equipment by monitoring engine oil pressure, coolant temperature and coolant levels. The systems, by alerting the operator, reduces premature engine failure, damage and costly repairs.

The systems provide audible and visual warnings and incorporates additional outputs for return to idle or shutdown modes. Compact in design and easy to install.

FEATURES & BENEFITS:

- Easy diagnosis of engine problems
- Optional idle or shutdown function in the event of engine failure
- User friendly display
- Customised electronic circuitry
- Audible & visual warnings
- Australian made and tested
- Universal applications
- Multi voltage applications
- Tamper proof
- Guards against engine failure
- Reduces costly engine repairs
- Reduces operator responsibility

APPLICATIONS:

- Light commercial
- Trucks
- Forklifts
- Cranes
- Buses
- Stationary equipment (light towers, generators)

Part No. 4461
UNIVERSAL WARNING SYSTEM
Single function multi voltage system.

Part No. 3369
LIGHT VEHICLE EWS
4 function light vehicle engine warning system

Light vehicle engine warning system panel can monitor up to 4 functions on individual circuits.

Part No. 4461	Single Function EWS (Panel only)
Part No. 3369	Light Vehicle EWS (Panel only)
Part No. 3206	Light Vehicle EWS (Universal kit)
Part No. 1245	Light Vehicle EWS Kit To Suit Toyota HZJ Engines
Part No. 5641	Universal Loom To Suit 3206
