

SMARTRACK SPEED LIMITER FS-6

The **Muirhead®** SmarTrack Speed Limiter FS-6 will revolutionise the forklift industry. Its robust construction and universal application makes the FS-6 a safe reliable solution to manage forklift speed.

The system combines a heavy duty actuator and the latest technology controller to give smooth speed control, without compromising productivity or safety. As a key safety feature, the FS-6 defaults to a pre-set speed limit if the speed signal is lost. Along with the added compatibility of speed zone control, the kit suits all types of forklift applications.

With speed being one of the major contributors to forklift accidents, the **Muirhead®** SmarTrack Speed Limiter FS-6 provides a safe reliable solution.

Part No. 6000	Forklift speed limiter kit FS-6 12V
Part No. 7000	SForklift speed limiter kit FS-6 24V

FEATURES & BENEFITS

- 12-24V applications
- Robust design
- Easy to install
- Defaults to safe speed if signal is lost
- Compatible with zone speed limiting
- Increases workplace and road safety
- Reduces speed related injuries
- Reduces fuel, running and maintenance costs
- Extends equipment service life
- Maintenance and trouble free speed limiting

Test Equipment is also available to make calibration easier.
